Zurich, 06/10/2019

Ladies and Gentlemen,

This is to certify that Mr. Harsath Kaliappa Gounder Thangavel has worked as a Machine Learning and Computer Vision engineer at CogniPet. He works on AI platform for CogniPet and contributed various projects like Pet Breed Detection and RestAPIs for serving deep learning models on a cloud server.

He is a self-taught developer, a team player and always a motivated individual who strives for the best results. He is currently working on the Facial Recognition in pet identification.

Best Regards
Vincenzo Vento
CEO
